

CURRICULUM VITAE

PATRICK J. SIEWERT

P.O. BOX 70177 HENRICO, VA 23255

Email: Inquiries@ProDigital4n6.com - Ph: 804-588-9877

EDUCATION:

- May, 1999: Bachelor of Science, Criminal Justice, Virginia Commonwealth University
- Spring, 1999: Participated in extensive 250-hour internship with the Henrico County (Virginia) Division of Police which focused on exposure and familiarity of all aspects of law enforcement operations including patrol, investigations, emergency communications and specialized units.

EXPERIENCE:

- 2013-PRESENT Principal Consultant, Professional Digital Forensic (Pro Digital) Consulting, Richmond, Virginia
- 2014-PRESENT Adjunct Instructor, Crater Criminal Justice Training Academy, Petersburg, Virginia
- 2016-PRESENT Adjunct Instructor, Advanced Law Enforcement Rapid Response Training (ALERRT) Group; Texas State University, San Marcos, TX
- 2013-2014 Sergeant, Thomas Nelson Community College Police Department, Hampton, Virginia
- 2002-2013 Deputy Sheriff, Louisa County Sheriff's Office, Louisa, Virginia:
- 2008-2013 Detective: Digital Forensics, Internet Crimes Against Children & Special Operations
 - 2005-2008 School Resource Officer/Supervisor (Corporal 2007-2008)
 - 2002-2005 Patrol Deputy
- 2000-2002 Police Officer, Virginia Commonwealth University Police Department, Richmond, Virginia

PROFESSIONAL INVESTIGATIVE & FORENSIC TRAINING:

◆ Forensic, Technical & Investigative Training:

August, 2018: *Cellebrite Instructor Development Course*, Fairfax, Virginia

- 24 hours of developmental course information for prospective Cellebrite Contract Instructors. Course included review of the Cellebrite Certified Operator (CCO) and Cellebrite Certified Physical Analyst (CCPA) course material, administrative requirements and other pertinent information. Accepted into the Cellebrite Contract Instructor Cadre upon completion.

April, 2018: *International Association of Computer Investigative Specialists Mac Forensics Survival Course 1*, Orlando, Florida

- 38 hours of training on the hardware, software, file systems, operations and considerations of Mac OSx computers and apps. Course was taught in a vendor-neutral format and stressed best practices for collecting Mac computer evidence, imaging Mac computers, forensically analyzing Mac computers and reporting & testifying to findings. Certificate obtained.

August, 2017: *Cellular Technology, Mapping & Analysis + Cell Hawk Training*, Hawk Analytics, Kansas City, KS

- 24 hours cumulative training in the architecture, technology and terminology of cellular networks and cellular service providers, how to properly interpret, analyze and map cellular records and testify in court. 8 hours of this course was specific to applying the knowledge and skills to effectively use the cellular analysis and mapping tool, Cell Hawk.

PROFESSIONAL INVESTIGATIVE & FORENSIC TRAINING (Continued):

May, 2017: ***Cellebrite Certified Physical Analyst***, Richmond, Virginia

- 20-hour course of study focusing on in-depth analysis of data acquired from mobile devices utilizing Cellebrite Universal Forensic Extraction Device (UFED). Course topics included mobile technology, mobile memory storage, data carving/recovery and artifacts specific to Android and iOS (Apple) operating systems and devices. Certification obtained.

May, 2017: ***Cellebrite Certified Operator***, Richmond, Virginia

- 16-hour course of study in the proper handling and low-to-mid-level analysis of mobile devices (smart phones, tablets, GPS units) using Cellebrite Universal Forensic Extraction Device (UFED). Certification Obtained.

August, 2016: ***Public Agency Training Council – Tech (PATCTech), Cellular Records Review & Analysis***

- 10-hour internet-based course of instruction on proper analysis of call detail and tower location records as provided by all five (5) cellular service providers in the United States. Course emphasized carrier-specific points of note, proper warrant/court order terminology, availability of particular records and appropriate interpretation of call detail records. Certificate Obtained.

June, 2016: ***Public Agency Training Council - Tech (PATCTech), Smartphone Forensics & Cellular Technology Certification Training (+SMART)***, Marietta, Georgia

- 35-hour course of study concentrating on smart phone device forensic data acquisition, analysis and reporting, utilizing various tools at different levels of analysis. Training also incorporated cellular technology, network-specific practices, call detail record & cell tower log analysis and map/location plotting of cellular devices in a holistic approach to mobile forensic investigations. +SMART certification obtained.

April, 2016: ***International Association of Computer Investigative Specialists (IACIS) Mobile Device Forensics Training***, Orlando, Florida

- 37-hour vendor-neutral course of instruction detailing the different cellular/smart phone technologies, how mobile device phone data is stored, tool-specific applications, SQLite database structure & analysis and mobile device metadata. This course concentrated specifically on iOS (Apple) and Android device acquisition and analysis.

April, 2016: ***X-Ways Integrated Computer Forensics Training***, Manassas, Virginia

- 32-hour vendor-sponsored course covering basic and intermediate use of the X-Ways Forensics computer forensic software. This course was taught by X-Ways Forensics developers and incorporated practical exercises testing the proper use of X-Ways Forensics on multiple types computer forensic image files.

September, 2015: ***High Tech Crime Investigations Association (HTCIA) International Conference***, Orlando, Florida

- One-week international conference incorporating the worldwide community of digital forensics, high-tech investigation, information security and incident response. Course track included several sessions on mobile forensics and computer forensics.

March, 2015: ***CISSP Certification Study Group***, Richmond, Virginia

- 30-hour course of study (over 10 weeks) to prepare the participant to take the Certified Information Systems Security Professional (CISSP) test. The course covered all 10 domains of the CISSP & was sponsored by the Central Virginia Information Systems Security Association (ISSA). Test was not attempted.

September, 2014: ***Cell Phone Forensic Boot Camp (HTCIA)***, Arlington, Virginia

- Two-day training detailing the types of cellular and smart phone devices, how they store data, industry-standard tools used to recover mobile data, reporting and proper evidence handling.

July, 2014: ***Lantern Certified Examiner (LCE)***, Boston, Massachusetts

- 36 hours of in-depth training & certification on the Lantern tool for digital forensic analysis of iPhones, Android devices, tablets and Mac computers. Certification obtained.

PROFESSIONAL INVESTIGATIVE & FORENSIC TRAINING (Continued):

June, 2014: **Basic Private Investigator**, Richmond, Virginia

- Abbreviated basic Private Investigator certification as issued by the Virginia Department of Criminal Justice Services under the experienced law enforcement officer program. Recertification: June, 2016.

December, 2013: **Crime Scene Investigation Seminar**, Richmond, Virginia

- 24 hours of instruction on proper documentation of a crime scene as well as the various capabilities of forensic scientists who assist in examination of evidence, to include physical and digital evidence. Hosted by the University of Richmond

February, 2013: **Internet Crimes Against Children (ICAC) Ares – Roundup**, Forest, Virginia

- 24 hours of instruction on the differences between Gnutella and Ares peer-to-peer networks and how to effectively investigate and apprehend suspects using the Ares network to access child exploitation images

October, 2012: **EnCase Certified Examiner Prep Course**, Sterling, Virginia

- 24 hours of intense review and practice with the EnCase Forensic software in preparation for the EnCase Certified Examiner written and practical examinations as administered by Guidance Software.

September, 2012: **National White Collar Crime Center iOS Device Forensics**, Richmond, Virginia

- 16 hours of instruction on the basics of Apple mobile (iOS) device forensic terminology and data storage as well as familiarity with open source analysis tools and vendor-specific tools such as "Lantern"

September, 2012: **EnCase Certified Examiner (Level 2)**, Online Course

- 60 hours of instruction detailing how to use EnCase Forensic to parse out data that may not be readily apparent to the untrained eye and how to effectively detail and report those findings for use by counsel or another outside interested party. Training given by Guidance Software

February, 2012: **U.S. Secret Service Basic Computer Evidence Recovery Training (BCERT)**, Hoover, Alabama

- 192 hours (5 weeks) of instruction on digital forensic basic and advanced procedures. This course, often referred to as "Computer Forensic Boot Camp" teaches the participant all aspects from basic data concepts and storage methods to more advanced forms of data recovery (or carving) and analysis, to include effective reporting and testimony in court.

July, 2011: **EnCase Certified Examiner (Level 1)**, Online Course

- 40 hours of instruction on basic digital forensic terminology, methodology and best practices and how to incorporate those topics into the use of the EnCase Forensic analysis software package, as given through Guidance Software

November, 2010: **Virginia CyberForensic Workshop**, Richmond, Virginia

- 24-hour workshop reviewing updated tools for use in law enforcement and digital forensic investigations, hosted by the Naval Criminal Investigative Service

May, 2010: **Internet Crimes Against Children (ICAC) National Conference**, Jacksonville, Florida

- 32-hour conference updating participants with current trends in child exploitation investigations, tools helpful for law enforcement during investigations and digital forensic updates.
 - Co-Presenter for online child solicitation case study "Joseph Okoh: Why the College Soccer Coach Should Have Stayed at Home and Offline"

March, 2010: **Seized Computer Evidence Recovery Specialist (SCERS)**, FLETC, Glynco, Georgia

- 72-hour course detailing how to use vendor-specific tools (EnCase & FTK) to acquire and analyze data seized as part of a criminal investigation. The course also detailed proper set-up and maintenance of forensic computers as well as reporting methods. Hosted by the U.S. Department of Homeland Security, Federal Law Enforcement Training Center.

PROFESSIONAL INVESTIGATIVE & FORENSIC TRAINING (Continued):

January, 2010: *Cold Case Forensics*, Fairfax, Virginia

- 24-hour course given by Dr. Henry Lee, Forensic Scientist, Connecticut State Police on how to use forensics to help solve stale and cold case investigations and identify likely suspects using forensic science

October, 2009: *Virginia Gang Investigator's Association (VGIA) Conference*, Virginia Beach, Virginia

- 32-hour conference detailing current gang trends, investigative methods and case studies in gang investigations, sponsored by the Virginia Gang Investigator's Association

August, 2009: *Intermediate Data Recovery and Analysis (IDRA)*, Fairmont, West Virginia (NW3C)

- 40-hour course on more advanced data analysis methods, open source and vendor-specific tools for analyzing data, different ways to recover deleted or unallocated data and effective reporting tips.

July, 2009: *Basic Data Recovery and Acquisition (BDRA)*, Fairmont, West Virginia (NW3C)

- 32-hour course detailing how data is stored, the various forms of digital media, metadata formats, file headers, file allocation, types of file systems and proper forensic acquisition of data from various media

June, 2009: *ImageScan Forensic Preview*, Bedford, Virginia

- 8 hours of instruction on how to properly set up and implement ImageScan Forensic Preview software

January, 2008: *Internet Crimes Against Children (ICAC) Undercover Operations*, Reston, Virginia

- 40-hour training describing how to conduct undercover investigations on the internet, tips and tricks law enforcement can use to their benefit and best practices that should be followed when conducting these investigations

October, 2008: *Supervising Counterdrug Operations*, Chesterfield County, Virginia

- 32 hours of instruction on how to effectively supervise and manage law enforcement operations in a task force and/or multi-jurisdictional environment, given by the National Counterdrug Intelligence Center

September, 2008: *Project Safe Childhood for Law Enforcement*, Roanoke, Virginia

- 40-hour conference on current trends, case studies and best practices for protecting children from predators, both online and in their normal routine

June, 2008: *Internet Crimes Against Children (ICAC) Peer Precision*, Lynchburg, Virginia

- 24-hour training on the proper procedures to identify & locate suspects trading in child exploitation images on the Gnutella peer-to-peer network, best practices when conducting these investigations and effective search warrant procedures

January, 2007: *Internet Safety Awareness*, Richmond, Virginia

- 8 hours of instruction to help educate children, families and the general public how to safely navigate the internet

May, 2007: *Internet Crimes Against Children (ICAC) Investigative Techniques*, King of Prussia, Pennsylvania

- 40-hour training detailing how to conduct effective, comprehensive investigations online using both open-source and law enforcement specific tools

March, 2006: *The Search Warrant Process*, Weyers Cave, Virginia

- 16 hours of instruction on how to properly gather evidence, compose proper search warrant affidavits, swear-out and execute search warrants

April, 2005: *Reid Technique of Interview & Interrogation (Advanced)*, Fredericksburg, Virginia

- 24 hours of instruction on the behavioral method of interview & interrogation, theme construction, overcoming challenges and human behavioral characteristics

PROFESSIONAL INVESTIGATIVE & FORENSIC TRAINING (Continued):

October, 2003: *Techniques of Interview & Interrogation*, Weyers Cave, Virginia

- 16 hours of instruction on the basics of interview & interrogation including behavioral patterns and case studies

November, 2002: *Forensic Photography*, Division of Forensic Science Academy, Richmond, Virginia

- 40 hours of instruction on proper forensic photographic documentation of crime scenes and surrounding areas. Topics include lighting, types of film, digital photography, perspective, scale and documentation.

ADDITIONAL PROFESSIONAL TRAINING (Tactical & Enforcement):

◆ Tactical & Enforcement Related Training:

Nov., 2018	<i>Advanced Law Enforcement Rapid Response Training 2018 Integrated Response Conference</i> , Grapevine, TX
March, 2018	<i>Advanced Law Enforcement Rapid Response Training Active Attack Integrated Response Instructor</i> , Lynchburg, Virginia
Feb., 2018	<i>Advanced Law Enforcement Rapid Response Training Solo Officer Rapid Deployment</i> , Manchester, New Hampshire
Feb., 2016	<i>National Rifle Association Basic Pistol Instructor</i> , Fredericksburg, Virginia
June, 2015	<i>Virginia DCJS Certified Firearms Instructor</i> , Petersburg, Virginia
Nov., 2014	<i>Advanced Law Enforcement Rapid Response Training Active Shooter Level 2 Instructor</i> , Hanover, VA
Sept., 2013	<i>NIMS/ICS 100, 200, 700, 800 – Federal Emergency Management Agency</i>
Nov., 2012	<i>Advanced Law Enforcement Rapid Response Training Exterior Response Instructor</i> , San Marcos, TX
October, 2011	<i>Advanced Law Enforcement Rapid Response Training Rural Operations (FORT)</i> , Lovingston, Virginia
Nov., 2011	<i>Advance Law Enforcement Rapid Response Training Active Shooter Conference</i> , San Marcos, Texas
August, 2011	<i>Basic Tactical Officer (SWAT)</i> , Lynchburg, Virginia
May, 2011	<i>Advanced Law Enforcement Rapid Response Training Advanced Instructor</i> , Lynchburg, VA
Dec., 2010	<i>The Bullet Proof Mind</i> (Lt. Col. Dave Grossman), Charlottesville, Virginia
May, 2009	<i>Virginia State Police Narcotics Task Force Conference</i> , Virginia Beach, Virginia
Nov., 2008	<i>Virginia Law Enforcement General Instructor Development</i> , Weyers Cave, Virginia
August, 2007	<i>Advanced Law Enforcement Rapid Response Training Active Shooter Level 1 Instructor</i> , Lynchburg, Virginia
Sept., 2006	<i>Introduction to Supervision</i> , Fredericksburg, Virginia
March, 2006	<i>Advanced Domestic Violence Training</i> , Henrico County, Virginia
April, 2005	<i>D.A.R.E Officer Basic Training</i> , Virginia Beach, Virginia
Feb., 2005	<i>School Resource Officer Basic Training</i> , Virginia Beach, Virginia
October, 2004	<i>Advanced Patrol Tactics</i> , Hanover County, Virginia
March, 2003	<i>Uniformed Officer's Drug Interdiction Workshop</i> , Fredericksburg, Virginia
April, 2002	<i>International Police Mountain Bike Association Police Cyclist Course</i> , Richmond, Virginia
March, 2002	<i>Virginia Department of A. B. C. - Alcohol Law Enforcement Specialist</i> , Charlottesville, Virginia
Sept., 2001	<i>Virginia Division of Forensic Science, Breath Alcohol Operator Course</i> , Richmond, Virginia
March, 2000	<i>Calibre Press Street Survival Seminar</i> , Arlington, Virginia

CERTIFICATIONS:

- National White Collar Crime Center: Certified Cyber Crime Examiner (CCCE, 2018-Present)
- Cellebrite Certified Physical Analyst (CCPA, 2017-Present)
- Cellebrite Certified Operator (CCO, 2017-Present)
- +SMART Smartphone & Cellular Technology Certification (2016-Present)
- National Rifle Association Basic Pistol Instructor (2016-Present)
- Virginia Department of Criminal Justice Services Law Enforcement Firearms Instructor (2015-Present)
- Lantern Certified Examiner - Katana Forensics (2014)
- Advanced Law Enforcement Rapid Response Training Active Shooter Level 2 Instructor (2014-Present)
- Advanced Law Enforcement Rapid Response Training Exterior Response to Active Shooter Events Instructor (2012-Present)
- Virginia Department of Criminal Justice Services General Instructor – Law Enforcement (2009-Present)
- Advanced Law Enforcement Rapid Response Training Active Shooter Level 1 Instructor (2007-Present)

GRANTS:

- January, 2014: Co-Authored (with K. McCann) proposal for Thomas Nelson Community College Police Department as part of a grant program through the Virginia Office of the Attorney General to help increase inter-agency communications through additional equipment implementation. Total grant award: \$266,000.
- July, 2013: Principal Investigator who wrote the proposal for required equipment in conducting Active Shooter Preparedness Training. Granting body was the Virginia Department of Criminal Justice Services, Byrne Grant for Justice Assistance Total grant award: \$35,000.
- July, 2012: Principal Investigator and author who wrote the proposal to the granting body, the Virginia Department of Criminal Justice Services Internet Crimes Against Children (ICAC) Grant fund, to extend 12-month period for salary, overtime and benefits for one full-time child exploitation Investigator. Total grant award: \$75,000.
- January, 2011: Principal Investigator and author for the Virginia Department of Criminal Justice Services, Internet Crimes Against Children Grant fund for initial 18-month period for salary, overtime & benefits for one full-time child exploitation Investigator. Total grant award: \$111,000.

PROFESSIONAL AWARDS & RECOGNITION:

- December, 2018: Second Place Award for Expert Witness Blog of the Year: The Expert Institute
- March, 2016: Nominated for Digital Forensic Blog of the Year by Forensic 4:Cast
- May, 2011: Richmond, Virginia Chapter of the Society of the Sons of the American Revolution Law Enforcement Commendation Medal
- March, 2011: Virginia Society of the Sons of the American Revolution Meritorious Award for Law Enforcement
- January, 2011: Louisa County, Virginia Crime Solvers Law Enforcement Officer of the Year
- September, 2007: American Legion Post #116 Law Enforcement Commendation Medal (Officer of the Year)
- March, 2004: Jefferson Area Mothers Against Drunk Driving (MADD) Award for most Driving Under the Influence arrests in Louisa County for 2003
- March, 2003: Jefferson Area Mothers Against Drunk Driving (MADD) Award for most Driving Under the Influence arrests in Louisa County for 2002

PROFESSIONAL ASSOCIATIONS:

- Member, International Association of Computer Investigative Specialists (IACIS)
- Member, High-Tech Crime Investigator's Association (HTCIA)
- Member, Information Systems Security Association (ISSA) – Central Virginia Chapter
- Member, Private Investigator's Association of Virginia (PIAVA)
- Member, National Rifle Association (NRA)
- Member, International Law Enforcement Educators & Trainers Association (ILEETA)
- Member, National Association of Legal Investigators (NALI)

PROFESSIONAL SERVICE:

- 2016-2017: **Served on Board of Directors** for the Private Investigator's Association of Virginia
- 2015-2017: Served as Legislative Advisory Team Member for the Private Investigator's Association of Virginia
- September, 2015: **Served as Volunteer** on the Marketing Committee for the High Tech Crimes Investigation Association (HTCIA) 2015 International Conference in Orlando, Florida
- January – November, 2015: Served as Senior Advisor for the Campaign to Elect Mike Silberman for Sheriff of Louisa County, Virginia
- 2015- Present: Serves as member of the Criminal Justice Program Advisory Committee for South University
- July, 2014: Served as Assessor for "*Operation: Spider Mayhem*", University of Richmond full-scale Active Shooter Response Drill
- January, 2013 - April, 2013: **Served as Advisor to Virginia State Senator Thomas Garrett** upon his appointment to the Virginia Governor's School & Campus Safety Task Force
- 2011-2013: **Participated in multidisciplinary pilot program** to incorporate best practices in child sex abuse investigations in coordination with law enforcement, social services and prosecutors which led to legislation being enacted in the Virginia General Assembly.
- 2008-2012: Served as sole Investigative member of **Project Child Safety Initiative (C.S.I.) Louisa**, focusing on investigation and prosecution of suspected child predators in Central Virginia and across the region
- 2007-2011: Served as Coordinator for Louisa County Sheriff's Office Honor Guard Unit
- 2007-2013: Implemented and Managed Active Shooter Response Training Program, Louisa County Sheriff's Office

EXPERT WITNESS DESIGNATIONS:

- Computer/Digital Forensics Generally:
 - January, 2019: Williamsburg / James City County, Virginia Circuit Court (criminal hearing)
 - September, 2018: Chesterfield County, Virginia Circuit Court (civil hearing)
 - July, 2018: Chesterfield County, Virginia Circuit Court (civil hearing)
 - May, 2018: Chesterfield County, Virginia Circuit Court (civil hearing)
 - September, 2017: City of Alexandria, Virginia Circuit Court (criminal trial)
 - January, 2017: Louisa County, Virginia Circuit Court (criminal trial)
 - November, 2016: Chesterfield County, Virginia Circuit Court (civil trial)
 - November, 2016: Fairfax County, Virginia Circuit Court (criminal trial)
 - June, 2016: City of Colonial Heights, Virginia Circuit Court (criminal hearing)
 - May, 2016: Montgomery County, Maryland Circuit Court (criminal trial)
 - August, 2015: Chesterfield County, Virginia Circuit Court (civil trial)
 - June & July, 2015: Westmoreland County, Virginia Circuit Court (criminal hearing & trial)
 - April, 2015: Rockingham County, Virginia Circuit Court (criminal hearing)
 - October, 2012: Nelson County, Virginia Circuit Court (criminal hearing)

EXPERT WITNESS DESIGNATIONS (Continued):

- Mobile Device Forensics:
 - April, 2016: City of Petersburg, Virginia Circuit Court (criminal hearing)
 - December, 2015: Henrico County, Virginia Circuit Court (criminal trial)
 - November, 2015: Hanover County, Virginia Circuit Court (civil trial)
- Internet-based Undercover Investigations (ICAC):
 - November, 2016: Fairfax County, Virginia Circuit Court (criminal trial)
 - March, 2016: Fairfax County, Virginia Circuit Court (criminal trial)
 - November, 2012: Virginia Court of Appeals (criminal appeal)
- Cellular Call Detail Record Analysis & Mapping
 - January, 2018: Fluvanna County, Virginia Circuit Court (criminal trial)
 - January, 2017: Fairfax County, Virginia Circuit Court (criminal hearing)

COURT-APPOINTED EXPERT IN THE FOLLOWING JURISDICTIONS:

- Gloucester County, Virginia Circuit Court (2019)
- City of Portsmouth, Virginia Circuit Court (2018)
- City of Richmond, Virginia Juvenile & Domestic Relations Court (2018)
- York County/Poquoson, Virginia Circuit Court (2018)
- Albemarle County, Virginia Circuit Court (2018)
- City of Richmond, Virginia Circuit Court (2018)
- Franklin County, Pennsylvania Superior Court (2017)
- Albemarle County, Virginia Circuit Court (2017)
- Chesterfield County, Virginia Circuit Court (2016)
- Henrico County, Virginia Circuit Court (2015)
- City of Williamsburg, Virginia Circuit Court (2015)
